*"Greece & it's Sea
travel those who
untie the ropes &
embarke on a
sustainability
journey"*

The Album combines images inspired by sustainability which has surrounded Greece for more than 2000 years from the teachings of Socrates, Plato and Aristotle. The album "Sustainability in Greece" released by JE Consulting Group Publications, is an exciting visual tour of the diverse images offered by Greek topography with its vast history and rich rhetoric of the Greek Stoics.

The reader will travel greatly, truly and on beautiful Greek Paths of Sustainability and will reap the current concepts of business sustainability through indelible images in colour, black & white pictures that highlight their diversity and related concepts of how sustainability was encountered by the stoics and how sustainability in Greek business is conceptualised today.

The album is interspersed with quotes from the teachings of Socrates, Plato and Aristotle on sustainability as well as the business vision and purpose of the 25+ selected Greek companies today.

An album unveiling a global and local problem (ESG & Sustainability), which narrates the journey of a 2000-year-old thought and teachings which the reader will become conscious acting and thinking of how they can help life and beauty to be preserved and sustained for the next generations.
